RE: IMPORTANT ANNOUNCEMENT REGARDING YOUR ACCOUNT!

CONGRATULATIONS!!

Dear,

This is our final notification. We still have a large amount of unclaimed prize money. Our Records indicate that we have not received a claim for this year's winnings amounting to **Five Hundred Thousand Dollars (\$500,000.00)**. This claim is now seriously overdue. This claim must be made immediately to avoid prize disqualification. If a claim is not sent to us right away, we are afraid your file will be closed without further notice.

Our records show that you have completed one of our draw entry forms and sent it back to us through the mail. As you know each individual who completes an entry form and sends it back will be qualified to win **CASH PRIZES!!!** We are happy to inform you that you are the winner for the cash prize draw of 2006. We are at the end of our fiscal year and are about to close this file. **You must contact us immediately.**

We strongly advise you to claim your prize as soon as possible. A wire transfer in the amount of **\$500,000.00** has been credited to an interest accumulating trust account in your name. As required, this is an interest bearing account specifically created to safeguard your funds and to avoid any fraudulent access. You must call the toll free line as soon as possible so one of our agent and financial manager **Mr. Daniel Tucker** can help you with the processing. The toll free number is **1-888-314-1955**.

You will also be expected to pay a small amount of taxes and transfer fees. These fees are mandatory, and vary depending on the amount won. **Important Warning: Do not cash or deposit this check to your account until you are advised**, so our offices can Authorize payment and confirm your identification. **Extra Warning: Do not talk to anyone who does not know your Ref No. UWFS20827016** from our office. This an extra step we have taken to protect you so only you and your agent have access to the file.

We recognize that most people would not be in a position to pay the premium prior to receiving their award, and therefore as it has been our tradition, we will advance you the entire amount of the insurance cost, so you can pay the premium and take care of incidentals. Please speak with an agent prior to depositing the check enclosed, for further instructions.

WE STRONGLY discourage you from announcing your winnings until you receive your prize money to avoid multiple claim processing and fraudulent claims. **The National Lottery Foundation** holds exclusive right to terminate your claim processing upon any breach of this condition.

Our Best Regards,

Daniel Tucker
Financial Manager
